Subject: BERA WP Interim Deliverable
Attachments: CFAC_BERA Exposure Modeling Technical Memorandum_081718.pdf

Mr. Cirian,

Please see the attached Interim Deliverable for the Baseline Ecological Risk Assessment (BERA) Work Plan. This deliverable was prepared to supplement the general risk assessment framework provided in the BERA Work Plan and provides assumptions for exposure modeling.

In the upcoming weeks, an additional BERA interim deliverable will be submitted to support the selection of refined ESVs, as well as an interim deliverable to support the Baseline Human Health Risk Assessment (BHHRA) Work Plan.

As a reminder, the revised BERA and BHHRA Work Plans were submitted to USEPA on May 25, 2018 and are pending USEPA approval. Please feel free to reach out if you have any questions regarding this submittal.
